## VII. Appendix A: Douglas H.M. Boggess Curriculum Vitae

### DOUGLAS H. M. BOGGESS, M.A., RPA

#### Education:

- University of Arizona, Tucson, AZ, M.A, Classical Archaeology, May, 2000
- University of Arizona, Tucson, AZ, Nondegree graduate work in Mesoamerican and Southwestern archaeology, 1992 to 1994
- Pima Community College, Tucson, AZ, Technical training in archaeological fieldwork and cartography, 1989 to 1991
- Emory University, Atlanta, GA, B.A., Anthropology and Classical Studies, 1989
- Oxford College of Emory University, Oxford, GA, A.A., Liberal Arts, 1986

#### Professional Affiliations:

- Albuquerque Archaeological Society
- Arizona Archaeological and Historical Society
- Society for Historical Archaeology
- Society for American Archaeology
- New Mexico Archaeological Council
- Register of Professional Archaeologists

#### Professional History:

- New Mexico Cultural Properties Review Committee–March 2011 to present, representing Historical Archaeology
- Lone Mountain Archaeological Services, Inc., Albuquerque, NM–May 2000 to present, Historian, Principal Investigator, Project Manager, and Historical Archaeologist.

- Archaeologists Unlimited, Natchez, MS–1996 to 2000, Field Director
- Coastal Environments, Baton Rouge, LA–1998 to 2000, Cartographer, Crew Member
- Parsons Engineering, Alexandria, VA–1998, Crew Member
- University of Arizona, Chianciano Terme Excavations, Tucson, AZ–1995 to 1996, Cartographer
- Archaeologists Unlimited, Natchez, MS–1994, Field Director
- Office of Cultural Resource Management, Arizona State University, Tempe, AZ–1992 to 1994, Crew Member, Cartographer
- Office of Contract Archaeology, University of New Mexico, Albuquerque, NM–1991, Crew Member, Cartographer
- Archaeologists Unlimited, Natchez, MS–1990 to 1991, Cartographer
- Mississippi Department of Archives and History, Jackson, MS–1990, Crew Member
- Statistical Research, Tucson, AZ–1990, Crew Member
- DAG Enterprises, Tucson, AZ–1990, Crew Member
- Archaeologists Unlimited, Natchez, MS–1989, Crew Member

**Professional Experience:**

**Cultural Properties Review Committee, 2011 to present.**

Mr. Boggess currently serves as a member of the Cultural Properties Review Committee, a governor-appointed review board for the State of New Mexico.

**Lone Mountain Archaeological Services, Inc., Albuquerque, NM–May 2000 to Present.**

Mr. Boggess serves as a Project Manager, Senior Principal Investigator, and historical archaeologist in Lone Mountain's Albuquerque office. He is also listed by the State of New Mexico as a permitted Historian and as an ethnographer by Navajo Nation. To date he has authored reports, research designs, and interpretative chapters for projects across the Southwest and Utah, including the Cottonwood Wash Mining Reclamation Project, the Yellow Cat Mining Reclamation Project, the Aneth Oil Field CO2 Pipeline project and the Aneth 3-D Seismic. He served as quality control officer and field assistant for the Cherokee Rim 3-D Seismic Project in Wyoming and Colorado. He has conducted a survey and prepared a report for a project in Kansas. He has directed the testing and excavation of up to 36 sites for a project in Arizona, and supervised the excavation of up to 14 sites in New Mexico. He has conducted surveys, testing, and data recovery, and authored reports for projects across the whole of New Mexico, including the City of Santa Fe Historic District. Mr.

Bogges has worked extensively with Ancestral Pueblo/Anasazi, Mogollon, and Hohokam materials as well as historic Navajo, ranching, farming, and mining sites.

Four Hills Subdivision Testing, Bernalillo County, New Mexico

12 days Served as Principal Investigator and Field Supervisor for this testing project. Authored testing plan and draft report.

Delaware 3C 3-D Seismic, Lea County, New Mexico

16 days Served as Principal Investigator for this 22,139.53 acre survey. Coauthored final report

Survey of Legend Pipeline, Eddy County, New Mexico

0.5 day Served as Principal Investigator for this 48.34 acre survey.

Survey of Temporary Use Areas and the Logos Pipeline Route, Rio Arriba County, New Mexico

1 day Served as Principal Investigator for this 26.8 acre survey.

Survey of Reroute for WPX 179 Pipeline, Rio Arriba County, New Mexico

2 days Served as Principal Investigator and Field Supervisor for this 1.73 acre survey. Prepared report

Desert Creek 3-D Seismic, San Juan County, Utah

12 days Served as Principal Investigator for this 3,706.55 acre survey. Coauthored final report.

Survey for the Ladera Business Park, Albuquerque, Bernalillo County, New Mexico

2 days Served as Principal Investigator and Field Supervisor for this 6 acre survey. Prepared report.

Treatment of Three Sites in Doña Ana County, New Mexico and Monitoring of Sites in El Paso County, Texas for the Magellan-Strauss Pipeline

35 days Served as Principal Investigator and Field Supervisor for this Data Recovery Project. Performed archaeological monitoring. Prepared Draft Report.

Survey of Trunk 7G Pigcatcher, San Juan County, New Mexico

2 days Served as Principal Investigator and Field Supervisor for this 6 acre survey. Prepared final report.

Superior 12 Circuit Overhead Powerline, San Juan County, Utah

5 days Served as Principal Investigator and Field Supervisor for this 76 acre survey. Prepared report.

Survey of Turtle Mountain West Pipeline, San Juan County, New Mexico

2 days Served as Principal Investigator and Field Supervisor for this 40 acre survey. Prepared final report.

Cimarex Hasta La Vista 1H and 3H Well Pads, Access Road, and Powerline, Eddy County, New Mexico

0.5 day Served as Principal Investigator for this 12 acre survey.

Cimarex Energy Cottonberry 20 Federal 1H Well Pad and Access Road, Eddy County, New Mexico  
0.5 day Served as Principal Investigator for this 23 acre survey.

Additional Sites Survey, Roca Honda Mine, Cibola County, New Mexico  
25 days Served as Principal Investigator and Field Supervisor for the site location revisit. Authored final report.

Moriarty Gravel Pit, Torrance County, New Mexico  
2 days Served as Principal Investigator and Field Supervisor for this 40 acre survey. Authored final report.

Sanchez Ranch NM 3 Buried Fiber Optic line, Torrance and San Miguel Counties, New Mexico  
2 days Served as Principal Investigator and Field Supervisor for this 62 acre survey. Prepared final report.

Survey of NM-116 Buried Fiber Optic line, Valencia County, New Mexico  
2.5 days Served as Principal Investigator and Field Supervisor for this 17 acre survey. Coauthored final report.

Cimarex Medwick 29 Fed Com 1 1H, 2H, and 3H Well Pads, Pipelines and Access Roads, Eddy County, New Mexico  
0.5 day Served as Principal Investigator for this 29 acre survey.

302 Camino Cerrito, Santa Fe County, New Mexico  
8 days Served as Principal Investigator and Field Supervisor for this 0.165 acre survey within the Santa Fe Downtown Historic District. Coauthored final report.

Cimarex 18 Mile Pipeline Crossing, Reeves County, Texas  
0.5 day Served as Principal Investigator for this 20 acre survey. Coauthored final report.

Beeline Trunk 5C Temporary Use Areas and Reroutes, Rio Arriba and Sandoval Counties, New Mexico  
2 days Served as Principal Investigator and Field Supervisor for this 14 acre survey. Prepared final report.

Survey of Elm Ridge Chacon Amigos 19 Well Pad, Access Roads, and Pipelines, Sandoval County, New Mexico  
1 day Served as Principal Investigator and Field Supervisor for this 22 acre survey. Prepared final report.

Survey of Elm Ridge Bonanza 16 and 17 Well Pads, Access Roads, and Pipelines, Sandoval County, New Mexico.  
1.5 days Served as Principal Investigator and Field Supervisor for this 14 acre survey. Prepared final report.

Fort McDowell Road Improvement Survey, Maricopa County, Arizona  
5 days Served as Principal Investigator and Field Supervisor for this 10 acre survey. Prepared final report.

Cimarex Lusk to Big Eddy SWD Line, Eddy and Lea Counties, New Mexico  
0.5 day Served as Principal Investigator for this 95 acre survey. Coauthored final report.

Cochiti Pueblo Housing Monitoring, Sandoval County, New Mexico  
2 days Served as archaeological monitor during construction within an historic district.

Data Recovery of Two sites near the Intrepid Potash East Mine, Eddy County, New Mexico  
75 days Served as Principal Investigator and Field Supervisor for this data recovery project. Coauthored Final Report.

Beeline WPX 179 Pipeline, Rio Arriba County, New Mexico  
1 day Served as Principal Investigator for this 10 acre survey. Coauthored final report.

Melrose Historic Building Inventory, Curry County, New Mexico  
0.5 day Served as Principal Investigator for this building inventory.

Survey of Bueveros Overhead Powerline, Harding County, New Mexico  
2 days Served as Principal Investigator and Field Supervisor for this 47 acre survey. Prepared final report.

Survey of Sunrise Village Subdivision, Bernalillo County, New Mexico  
1 day Served as Principal Investigator and Field Supervisor for this 20 acre survey. Prepared final report.

Survey of Road for Amma Center, Santa Fe County, New Mexico  
3 days Served as Principal Investigator and Field Supervisor for this 9 acre survey. Prepared final report.

Cimarex Merek 7 Federal#8 Pipeline, Eddy County, New Mexico  
1 day Served as Principal Investigator for this revisit of 8 known sites.

Cimarex Double X Surface Waterline, Lea County, New Mexico  
1 day Served as Principal Investigator for this 103 acre survey.

Survey of Legend Full Choke 2H Well Pad and Access, Eddy County, New Mexico  
0.5 day Served as Principal Investigator for this 21 acre survey. Coauthored final report.

Testing of 10 sites for the Roca Honda Uranium Mine, McKinley County New Mexico  
84 days Served as Principal Investigator and Field Supervisor for this 10 site testing project. Prepared testing plan. Coauthored final report.

Conoco-Phillips Block Survey, Eddy County, New Mexico  
0.5 day Served as Principal Investigator for this 239 acre survey.

Survey of Jicarilla Well Pad F22, Rio Arriba County, New Mexico  
0.5 day Served as Principal Investigator for this 16 acre survey. Coauthored final report.

Laguna Substation Survey, Cibola County, New Mexico

4 days Served as Principal Investigator and Field Supervisor for this 4 acre survey. Prepared final report

Barrett Crow Mesa 2408-10 Well Pad and Pipeline, San Juan County, New Mexico

1.5 days Served as Principal Investigator and Field Supervisor for this 37 acre survey. Authored final report.

Barrett BBC 2504-26#41H Well Pad, Access, and Pipeline, Rio Arriba County, New Mexico

1.5 days Served as Principal Investigator and Field Supervisor for this 27 acre survey. Authored final report.

Barrett BBC 13 Well Pad, Access, and Pipeline, San Juan County, New Mexico

2 days Served as Principal Investigator and Field Supervisor for this 18 acre survey. Coauthored final report.

Beeline Trunk 5C North Pipeline, Rio Arriba County, New Mexico

1 day Served as Principal Investigator for this 31 acre survey. Coauthored final report.

Beeline Lybrook Pipeline, Rio Arriba County, New Mexico

2 days Served as Principal Investigator and Field Supervisor for this 3 acre survey. Prepared final report.

Hogback 3-D Seismic Survey, San Juan County, New Mexico

6 days Served as Principal Investigator for this 1,534 acre survey. Coauthored final report.

Cimarex Laguna Grande 29 #6, Eddy County, New Mexico

0.5 day Served as Principal Investigator for this 12 acre survey.

Parkway 3-D Seismic, Eddy County, New Mexico

15 days Served as Principal Investigator for this 12,200 acre survey. Coauthored final report.

Beeline WPX 175 Pipeline, Rio Arriba County, New Mexico

1 day Served as Principal Investigator for this 24 acre survey. Coauthored final report.

Lakewood 3-D Seismic, Eddy County, New Mexico

2 days Served as Principal Investigator for this 3200 acre survey.

Survey of Legend Gas Surface Waterline, Eddy County, New Mexico

1 day Served as Principal Investigator for this 40 acre survey. Coauthored final report.

Survey of Access for Blue Gap Gravel Pit, Apache County, New Mexico

3 days Served as Principal Investigator, Field Supervisor, and Ethnographer for this 56 acre survey.

Cimarex Dos Equis 13 Fed Com 3 Well Pad, Access, Pipelines, and Powerlines, Lea County, New Mexico

0.5 day Served as Principal Investigator for this 11 acre survey. Coauthored final report.

Tema Talco Block Survey Extension

1 day Served as Principal Investigator for this 181 acre survey. Prepared final report.

Survey of Beeline WPX 143 Pipeline, San Juan County, New Mexico

1 day Served as Principal Investigator for this 2.6 acre survey.

Delaware 3-D Seismic, Eddy County, New Mexico

7 days Served as Principal Investigator for this 5,500 acre survey. Coauthored final report.

TRNCO 3-D Seismic, Eddy County, New Mexico

39 days Served as Principal Investigator for this 33,000 acre survey.

Survey of Jicarilla 260523H #14H Well Pad, Sandoval County, New Mexico

1.5 days Served as Principal Investigator and Field Supervisor for this 18 acre survey.

Cimarex West Grama Ridge 6 Federal #1 Well Pad and Access Road, Lea County, New Mexico

0.5 day Served as Principal Investigator for this 11 acre survey.

Cimarex Cascade 29 Federal 4H and 8H Well Pads and Access, Lea County, New Mexico

1 day Served as Principal Investigator for this 11 acre survey.

Sena to La Fragua NM 3 Buried Fiber Optic Line Survey, San Miguel County, New Mexico

4 days Served as Principal Investigator and Field Supervisor for this 22 acre survey. Coauthored final report.

Survey of Beeline WPX Pipeline, Rio Arriba County, New Mexico

2 days Served as Principal Investigator and Field Supervisor for this 4 acre survey. Prepared final report.

Cimarex Lynch 23 5H Well Pad, Lea County, New Mexico

0.5 day Served as Principal Investigator for this 8.25 acre survey.

Tema Talco Block Survey, Lea County, New Mexico

0.5 day Served as Principal Investigator for this 175 acre survey.

San Mateo Mine Monitoring, Cibola and McKinley Counties, New Mexico.

13 days Served as Principal Investigator and Archaeological Monitor for monitoring construction on and around seven sites. Prepared final Report

Beeline Marcus Pipeline, Rio Arriba County, New Mexico

2 days Served as Principal Investigator and Field Supervisor for this 19 acre survey. Prepared final report.

1020 Canyon Road, Santa Fe County, New Mexico

10 days Served as Principal Investigator and Field Supervisor for this 0.8 acre survey within the Santa Fe Downtown Historic District. Coauthored final report.

Survey of Fiber Optic Route, US 84 near Dilia, Guadalupe County, New Mexico  
1 day Served as Historian for this 3.5 acre survey.

Roca Honda Waterline Survey, McKinley County, New Mexico  
10 days Served as Principal Investigator and Field Supervisor for this 220 acre survey. Coauthored final report.

Survey of Elephant Butte Powerlines, Sierra County, New Mexico  
0.5 day Served as Principal Investigator for this 129 acre survey.

Yuma Borrow Pit, Yuma County, Arizona  
3 days Served as Principal Investigator and Field Supervisor for this 4 acre survey.

Survey of Intrepid Wells and Waterlines, Eddy County, New Mexico  
2 days Served as Principal Investigator and Field Supervisor for this 47 acre survey.

Survey of the North Mine Powerline Corridor, Lea County, New Mexico  
0.5 day Served as Principal Investigator and Field Supervisor for this 9 acre survey.

Survey of Delaware River MOA, Eddy County, New Mexico  
16 days Served as Principal Investigator for this 2,682 acre survey. Coauthored final report

Survey of Blanco TP 2509-28H #12C Well Pad, Pipeline, and Access Corridor, Rio Arriba County, New Mexico.  
2 days Served as Principal Investigator and Field Supervisor for this 16 acre survey. Coauthored final report.

Juan Tabo Hills Tract A and B, Bernalillo County, New Mexico  
2 days Served as Principal Investigator for this 87 acre survey. Performed limited testing.

Monitoring on Santa Ana Pueblo, Sandoval County, New Mexico  
1 day Served as Principal Investigator and Archaeological Monitor.

Jicarilla 2505-11H #14 Well, Well Pad, Pipeline Corridor, and Access Route Survey, Rio Arriba County, New Mexico.  
1 day Served as Principal Investigator and Field Supervisor for this 18 acre survey. Prepared final report.

Survey of Jicarilla 2505-2H #14 Well, Well Pad, Pipeline Corridor, and Access Route, Rio Arriba County, New Mexico  
1 day Served as Principal Investigator and Field Supervisor for this 21 acre survey. Prepared final report.

Pena Ranch License Application, McKinley County, New Mexico  
26 days Prepared portions of license application pertaining to cultural resources for federal license.

Magdalena Headframe Survey, Socorro County, New Mexico

7 days Served as Principal Investigator, Historian, and Field Supervisor for this 11 acre survey. Coauthored final report.

Crow State 2408-2h #42 Well Pad , Road and Pipeline Survey, San Juan County, New Mexico

5 days Served as Principal Investigator and Field Supervisor for this 14 acre survey.

Survey of Jicarilla 2505-44 8-H Relocated Well Pad, Rio Arriba County, New Mexico

1 day Served as Principal Investigator and Field Supervisor for this 4 acre survey. Coauthored final report.

Survey of Jicarilla 2505-14 3-H Well Pad and Facilities, RioArriba County, New Mexico

2 days Served as Principal Investigator and Field Supervisor for this 31 acre survey. Prepared final report.

Stock Ponds and Access Reroute for Well Pads on Jicarilla Lands, Rio Arriba County, New Mexico

1 day Served as Principal Investigator and Field Supervisor for this 11 acre survey. Coauthored final report.

Survey of Jicarilla A15 New Access Route, Rio Arriba County, New Mexico

1 day Served as Principal Investigator and Field Supervisor for this 8 acre survey. Coauthored final report.

Archaeological Treatment of LA 171053, Doña Ana County, New Mexico.

1 day Served as Principal Investigator for this data recovery project. Authored Treatment Plan.

Survey of Bobwhite #12 Well Pad Access Route, Lea County, New Mexico

0.5 day Served as Principal Investigator for this 11 acre survey.

Proposed Office Facilities for Intrepid, Eddy County, New Mexico.

0.5 day Served as Principal Investigator for this 6 acre survey.

Conoco Thompson HZMC 2 Well Pad Survey, San Juan County, New Mexico

1.5 days Served as Principal Investigator and Field Supervisor for this 11 acre survey. Prepared final report

Conoco Thompson HZMC 1 Well Pad Survey, San Juan County, New Mexico

2 days Served as Principal Investigator and Field Supervisor for this 11 acre survey. Prepared final report

Survey of Jicarilla Well Pad F26, Access and Utility route, Rio Arriba County, New Mexico

1 day Served as Principal Investigator and Field Director for this 19 acre survey. Coauthored final report.

Lapis 3-D Seismic, Rio Arriba County, New Mexico

12 days Served as Principal Investigator and Field Supervisor for this 1,781 acre survey. Coauthored final report.

Clark 15 Well Pad, Pipeline and Access Route, Rio Arriba County, New Mexico.

1 day Served as Principal Investigator and Field Supervisor for this 13 acre survey. Prepared final report

Survey of Alternate Intrepid Waterline Route, Eddy County, New Mexico

1 day Served as Principal Investigator for this 825 acre survey. Coauthored final report.

Survey of Jicarilla Well Pad F23, Access and Utility route, Rio Arriba County, New Mexico

1 day Served as Principal Investigator and Field Director for this 12 acre survey. Coauthored final report.

Clark 16 Well Access Reroute, Rio Arriba County, New Mexico

1 day Served as Principal Investigator and Field Director for this 1 acre survey.

Survey of Jicarilla Well Pad F25, Access and Utility route, Rio Arriba County, New Mexico

1 day Served as Principal Investigator and Field Director for this 9 acre survey. Coauthored final report.

Survey of Jicarilla Well Pad F20, Access and Pipeline route, Rio Arriba County, New Mexico

1 day Served as Principal Investigator and Field Director for this 15 acre survey. Coauthored final report.

Survey of Jicarilla Well Pad F24, Access and Pipeline route, Rio Arriba County, New Mexico

1 day Served as Principal Investigator and Field Director for this 9 acre survey. Coauthored final report.

Survey of Magellan-Strauss Pipeline Doña Ana County, New Mexico and El Paso County, Texas

8 days Served as Principal Investigator for this 496 acre survey.

Survey of Clark 14 Well Pad, Pipeline and Access Route, Rio Arriba County, New Mexico

1 day Served as Principal Investigator and Field Director for this 14 acre survey. Prepared final report

Survey of Clark 17 Well Pad, Pipeline, and Access Route, Rio Arriba County, New Mexico

1 day Served as Principal Investigator and Field Director for this 9 acre survey.

NM 55 Utility Pole Replacement Survey, Torrance County, New Mexico

2 days Served as Principal Investigator and Field Supervisor for this 48 acre survey.

Maroon Cliffs TRU Survey, Eddy County, New Mexico

15 days Performed Quality Assessments and coauthored final report.

Red Bluffs 2-D Seismic, Eddy County, New Mexico.

3 days Served as Principal Investigator and Field Supervisor for this 216 acre survey.

Survey of Jicarilla Well Pad F22, Access and Pipeline route, Rio Arriba County, New Mexico

1 day Served as Principal Investigator and Field Director for this 16 acre survey. Coauthored final report.

Survey of Jicarilla Well Pad F21, Access and Utility route, Rio Arriba County, New Mexico  
1 day Served as Principal Investigator and Field Director for this 12 acre survey. Coauthored final report.

Survey of Jicarilla Well Pad F19, Access route, and Pipeline, Rio Arriba County, New Mexico  
1 day Served as Principal Investigator and Field Director for this 8 acre survey. Coauthored final report.

Chacon Amigos 9 and 10 Pipeline Corridor, Rio Arriba County, New Mexico  
1 day Served as Principal Investigator and Field Director for this 17 acre survey. Coauthored final report.

Roca Honda Consultation and Small Surveys, McKinley County, New Mexico  
22 days Served as Principal Investigator and Field Director for 192 acres of survey. Prepared final report.

Survey of Jicarilla Well Pad A22, Access route, and Pipeline, Rio Arriba County, New Mexico  
1.5 days Served as Principal Investigator and Field Director for this 27 acre survey.

Raton Basalt Quarry, Colfax County, New Mexico  
0.5 day Served as Principal Investigator for this 74 acre survey.

Survey of Roads on the White Mountain Apache Reservation, Navajo County, Arizona  
4 days Served as Principal Investigator and Field Director for this 19 acre survey. Prepared two reports.

Ilfeld-Johnson Building Development, Guadalupe County, New Mexico  
2.5 days Served as Principal Investigator, Field Director, and Historian for 0.5 acres of survey. Coauthored final report and prepared HCPI form.

Survey of Santa Ana Powerline, Sandoval County, New Mexico  
4 days Served as Principal Investigator and Field Director for this 52 acre survey. Prepared final report.

Wilder 29 Central Tank Battery, Lea County, New Mexico  
0.5 day Served as Principal Investigator for this 10 acre survey.

Intrepid Powerline Survey, Eddy County, New Mexico  
0.5 day Served as Principal Investigator for this 84 acre survey.

Survey and Monitoring Well Location and Pipeline Reroute for Intrepid Potash, Eddy County, New Mexico  
0.5 day Served as Principal Investigator for this 74 acre survey.

Big Eddy 3-D Seismic, Eddy County, New Mexico  
31 days Served as Principal Investigator for this 25,000 acre survey.

Gnome 2-D Seismic, Eddy County, New Mexico

1 day Served as Principal Investigator for this 110 acre survey.

San Ildefonso Powerline Upgrade Survey, Santa Fe County, New Mexico

1 day Served as Principal Investigator and Field Director for this 11 acre survey. Prepared final report.

Rabbit Ears Powerline Survey, Union County, New Mexico

1 day Served as Principal Investigator for this 30 acre survey.

Survey of Proposed De Baca County Landfill, De Baca County, New Mexico

1 day Served as Principal Investigator and Field Director for this 29 acre survey. Coauthored final report.

Survey of San Mateo Mine for Cleanup and Reclamation, Cibola County, New Mexico.

0.5 day Served as Principal Investigator for this 126 acre survey.

Ohkay Owingeh Waterline along NM 74, Rio Arriba County, New Mexico

3 days Served as Principal Investigator and Field Director for this 6 acre survey. Coauthored final report and prepared acequia forms.

Survey of Glendale Avenue Subdivision, Bernalillo County, New Mexico

1 day Served as Principal Investigator and Field Director for this 6 acre survey. Prepared final report.

Acomita Intersection Realignment, Cibola County, New Mexico

1 day Served as Principal Investigator and Field Director for this 2 acre survey. Prepared final report.

Farmington Celltower location, San Juan County, New Mexico

2 days Served as Principal Investigator and Field Director for this 1.33 acre survey. Prepared final report.

Survey of Peterson Dam Pump Back System, San Miguel County, New Mexico

3 days Served as Principal Investigator, Field Director, and Historian for this 3.6 acre survey. Prepared final report and HCPI forms.

Ponil Creek Borrow Pit Survey, Colfax County, New Mexico

1 day Served as Historian and Principal Investigator for this 54 acre survey. Prepared Acequia forms.

Mesa Montanosa Monitoring Project, McKinley County, New Mexico

3 days Served as Principal Investigator for the monitoring of two sites. Coauthored final report.

Ohkay Owingeh Monitoring Project, Rio Arriba County, New Mexico

28 days Served as Principal Investigator and Field Director for this monitoring and testing project. Authored work plan and coauthored monitoring report.

Socorro Electric Powerline Survey, Socorro County, New Mexico

1 day Served as Principal Investigator for this 147 acre survey. Coauthored final report.

Survey of Development Parcel H-12B, Bernalillo County, New Mexico

1 day Served as Principal Investigator and Field Director for this 2 acre survey. Coauthored final report.

Intrepid Mines Historic Synthesis, Eddy and Lea Counties, New Mexico

15 days Served as Principal Investigator and Historian. Authored historic synthesis.

Survey of Jicarilla Well Pad A23, Access Route and Pipeline Corridor, Rio Arriba County, New Mexico

1 day Served as Principal Investigator and Field Director for this 18 acre survey.

Survey of Jicarilla Well Pads A16 and A18, along with Utilities and Access, Rio Arriba County, New Mexico

2.5 days Served as Principal Investigator and Field Director for this 32 acre survey.

Survey of Jicarilla Well Pad A21, Access Route and Pipeline Corridor, Rio Arriba County, New Mexico

1 day Served as Principal Investigator and Field Director for this 14 acre survey.

Jicarilla Well Pad A17 with Pipeline and Access Routes, Rio Arriba County, New Mexico

1 day Served as Principal Investigator and Field Director for this 15 acre survey. Coauthored final report.

Survey of Jicarilla Well Pad A19, Access Route and Pipeline Corridor, Rio Arriba County, New Mexico

1 day Served as Principal Investigator and Field Director for this 20 acre survey.

Survey of Jicarilla Well Pad A15, Access Route and Pipeline Corridor, Rio Arriba County, New Mexico

1 day Served as Principal Investigator and Field Director for this 15 acre survey.

Survey of Reid 19 Well Pad and Pipeline, San Juan County, New Mexico

1.5 days Served as Principal Investigator and Field Director for this 7 acre survey. Coauthored final report.

Survey of Township 26 South, Range 32 East, Sections 17, 20, and 28, Lea County, New Mexico.

0.5 day Served as Principal Investigator for this 480 acre survey.

McCurdy Road Extension Survey, Rio Arriba County, New Mexico

1 day Served as Principal Investigator and Field Director for this 11 acre survey. Coauthored final report.

Intrepid Karst Pipeline Survey, Eddy County, New Mexico

0.5 day Served as Principal Investigator for this 75 acre survey.

Northern Rio Arriba Powerline, Rio Arriba County, New Mexico

4 days Served as Principal Investigator and Field Director for this 29 acre survey. Authored final report.

Survey of Yard Site on NM 120 near Roy, Mora County, New Mexico

1 day Served as Principal Investigator and Field Director for this 1 acre survey.

Monitoring at the Orogrande Aggregate Prospect Site, Otero County, New Mexico

4 days Served as Principal Investigator and Archaeological Monitor.

Intrepid Files Search, Flowlines, and Borrow Pits Eddy County, New Mexico

11 days Served as Principal Investigator and Field Director for this files check and 331 acre survey.  
Authored final report.

Mesa Montanosa Survey, Cibola County, New Mexico

1 day Served as Principal Investigator for this 147 acre survey. Edited final report.

Wide Ruins School Survey, Apache County, Arizona

5.5 days Served as Principal Investigator and Field Director for this 15 acre survey. Authored final report.

Survey of De Bontin Subdivision, Taos County, New Mexico.

1 day Served as Principal Investigator for this 412 acre survey.

Rio Grande and Rio Chama Wild River Survey, Rio Arriba and Taos Counties, New Mexico

15.5 days Served as Principal Investigator for this 2,049 acre survey. Coauthored final report.

ConocoPhillips Section 23, Lea County, New Mexico

1 day Served as Principal Investigator for this 160 acre survey. Edited final report.

ConocoPhillips Section 22, Lea County, New Mexico

1 day Served as Principal Investigator for this 191 acre survey. Edited final report.

ConocoPhillips Section 30, Lea County, New Mexico

1 day Served as Principal Investigator for this 159 acre survey. Edited final report.

Caprock 3-D Seismic, Chaves and Lea Counties, New Mexico

10 days Served as Principal Investigator for this 12,904 acre survey. Coauthored final report.

Moriarty Airport Data Recovery, Torrance County, New Mexico

12 days Served as Principal Investigator and Field Director for the data recovery of this site.  
Authored final report.

Bluewater Disposal Site, Cibola County, New Mexico

3 days Served as Principal Investigator and Field Director for this 64 acre survey. Authored final report.

Buckeye Windfarm Meteorological Station, Maricopa County, Arizona

2 days Served as Principal Investigator and Field Director for this <1 acre survey. Prepared letter report.

Laguna Pueblo Powerline, Cibola County, New Mexico

5 days Served as Principal Investigator and Field Director for this 45 acre survey. Edited final report.

Tres Piedras Asphalt Plant Survey, Rio Arriba and Taos Counties, New Mexico

2 days Served as Principal Investigator and Field Director for this 7.25 acre survey and limited testing. Authored final report.

Peña Ranch Survey, McKinley County, New Mexico

1 day Served as Principal Investigator for this 640 acre survey. Edited final report.

Permian Basin MOA Underrepresented Area Survey, Eddy and Chaves Counties, New Mexico

9 days Served as Principal Investigator for this 3,359 acre survey. Coauthored final report.

St. Francis Street Crossing, Santa Fe County, New Mexico

11 days Served as Principal Investigator and Field Director for this 1.89 acre survey and limited testing. Coauthored final report

US 54 Borrow Pits, Otero County, New Mexico

1 day Served as Principal Investigator for this 164 acre survey. Edited final report.

Sandoval County Bus Shelters, Sandoval County, New Mexico

2 days Served as as Principal Investigator for this 4818 acre survey. Coauthored final report.

Sally Chisum 3-D Seismic, Chavezs County, New Mexico

6 days Served as as Principal Investigator for this 4818 acre survey. Coauthored final report.

Amec Geometric Roads, Cibola County, New Mexico

2 days Served as Principal Investigator for this 14.55 acre survey. Coauthored final report

Buckwheat 3-D Yates Extension Seismic, Eddy County, New Mexico

2 days Served as Principal Investigator for this 3,177 acre survey. Coauthored final report.

1139 and 1141 East Alameda, Santa Fe County, New Mexico

8 days Served as Principal Investigator and Field Director for this 0.44 acre survey and limited testing. Coauthored final report

US 64/87 Borrow Pits, Colfax and Union Counties New Mexico

9 days Served as Principal Investigator and Field Director for this 282.7 acre survey. Authored final report.

Santa Theresa Land-Exchange-Strauss Rail Yard Data Recovery, Doña Ana County, New Mexico.

24 days Served as Principal Investigator, Field Director, and Historian for this 39 site data recovery project. Coauthored final report.

HB Mine Subsidence Transects, Eddy County, New Mexico

1 day Served as Principal Investigator for this 153 acre survey. Coauthored final report.

Old Pecos Trail Survey, Santa Fe County, New Mexico

6 days Served as Principal Investigator, Field Director, and Historian for this 1.4 acre survey. Authored final report.

County Road 11 Paving, Sandoval County, New Mexico

1 day Served as Principal Investigator and Field Director for this 12.8 acre survey.

Armijo Exploration, Cibola County, New Mexico

3 days Served as Principal Investigator for this 767 acre survey. Coauthored final report.

Intrepid Potash Solar Data Recovery and Testing, Eddy County, New Mexico

17.5 days Served as Principal Investigator and Field Director for this three site data recovery and testing project. Prepared preliminary and final reports.

NM 290 Waterline project near Ponderosa, Sandoval County, New Mexico

4 days Served as Principal Investigator, Field Director, and Historian for this 44 acre survey. Authored final report.

San Fidel Borrow Pit, Cibola County, New Mexico

5 days Served as Principal Investigator and Field Director for this 59 acre survey. Authored final report.

Nevada 3-D Seismic, Chaves County, New Mexico.

1 day Served as Architectural Historian for this 2,138 acre survey. Prepared HCPI forms.

Thoreau Borrow Pit, McKinley County, New Mexico

1 day Served as Principal Investigator for this 35 acre survey. Edited final report.

Bosquecito Subdivision Testing, Bernalillo County, New Mexico

3 days Served as Principal Investigator and Field Director for testing on two sites. Authored testing plan. Coauthored final report.

High Summit III Data Recovery, Santa Fe County, New Mexico

18 days Served as Principal Investigator and Field Director for data recovery on four sites. Authored final report.

Candy Kitchen Survey, Cibola County, New Mexico

2 days Served as Principal Investigator for this 240 acre survey. Co-authored report

Excavation of LA 99434 and LA 154539 for the BLM, Eddy County, New Mexico

64 days Served as Principal Investigator and Field Director for this Testing and Data Recovery Project. Supervised analysis. Prepared one data recovery plan for each site, and prepared preliminary and final reports for each site.

Survey of 55,745 acres for the Chaves 3-D Seismic, Eddy and Chaves Counties, New Mexico

25 days Served as Principal Investigator and as a crewmember for this survey. Coauthored three final reports.

Survey of 1,979 acres for the proposed Santa Teresa Land Exchange, Doña Ana County, New Mexico  
17 days Served as Principal Investigator for this survey. Coauthored final report. Prepared treatment plan

Survey of 54.7 acres for the proposed powerline in and near Mountainair, New Mexico  
11 days Served as Principal Investigator, Field Director, and Historian for this survey and monitoring project.. Prepared HCPI forms, survey report and monitoring report prepared preliminary reports.

Survey of 4,641 Acres for Gladstone Wind Farm, Union County, New Mexico  
2 days Served as Principal Investigator for this survey. Coauthored final report.

Excavation of 14 sites on four Potash mines for Intrepid, LLC, Eddy and Lea Counties, New Mexico  
149 days Served as Principal Investigator and Field Director for this Data Recovery Project. Supervised analysis. Prepared data recovery plan, prepared preliminary and final reports.

Survey of 46 Acres near Rancho de Taos, Taos County, New Mexico  
2 days Served as Principal Investigator for this survey. Conducted Archival research, edited final report

Survey of 725.6 Acres of the Volleyball 3-D Seismic, Chaves County, New Mexico.  
4 days Served as Principal Investigator for this survey. Coauthored final report.

Survey of 320 acres for ConocoPhillips, T26S, R38E, Sec 26, Lea County, New Mexico  
1 day Served as Principal Investigator for this survey. Edited final report.

Survey of 320 acres for ConocoPhillips, T20S, R38E, Sec 33, Lea County, New Mexico  
0.5 days Served as Principal Investigator for this survey. Edited final report.

Survey of Celltower Location near Navajo Lake, Rio Arriba County, New Mexico  
2 days Served as Principal Investigator and Field Director for this survey. Prepared final report.

Survey of 4,721 acres for the Snake Eyes 3-D Seismic, San Juan and McKinley Counties, New Mexico  
27 days Served as Principal Investigator and Ethnographer for this survey. Coauthored final archaeology report. Authored ethnography report.

Survey of 10.7 acres at Snowvista Boulevard and DeVargas Road, Bernalillo County, New Mexico.  
1 day Served as Principal Investigator and Field Supervisor for this survey. Authored final report.

Survey of 6,113 acres for the Hueco South 3-D Seismic, Hidalgo County, New Mexico

- 10 days Served as Principal Investigator for this survey. Coauthored final report.
- Survey of 12.9 acres for the Coors Village Subdivision, Bernalillo County, New Mexico  
1 day Served as Principal Investigator and Field Supervisor for this survey
- Survey of 0.82 acres, Galisteo Historic District, Santa Fe County, New Mexico
- 11 days Served as Principal Investigator and Field Supervisor for this survey. Coauthored draft report.
- Survey of 436 acres, St. Anthony Mine, Cibola County, New Mexico
- 1 day Served as Principal Investigator for this survey. Edited final report.
- Survey of 1,853 acres, Sandia Ranger District, Bernalillo County, New Mexico  
50 days Served as Principal Investigator and Field Supervisor for this survey. Coauthored draft report.
- Survey of 519 acres for fuel reduction near Piños Altos, Grant County, New Mexico  
5 days Served as Principal Investigator and Historian for this survey. Coauthored final report.
- Survey of 13.34 acres on Vassar Drive, Albuquerque, Bernalillo County, New Mexico  
1 day Served as Principal Investigator and Field Supervisor for this survey. Authored final report.
- Survey of 4,603 m long proposed sewer line, Santa Fe County, New Mexico  
2 days Served as Principal Investigator and Field Supervisor for this survey. Authored final report.
- Survey of Railrunner Pond Site, Santa Fe County, New Mexico  
1 day Served as Principal Investigator and Field Supervisor for this survey.
- Survey of 11.92 Acres at I-25 Exit 276A, Santa Fe County, New Mexico  
2 days Served as Principal Investigator and Field Supervisor for this survey. Authored final report.
- Survey of 385 Acres for Uranium Exploration near Jesus Mesa, McKinley County, New Mexico  
1 day Served as Principal Investigator for this survey. Coauthored final report.
- Survey of 10.9 acres for a Proposed Borrow Pit and Access, Bernalillo County, New Mexico  
1 day Served as Principal Investigator and Field Supervisor for this survey. Authored final report.
- Survey of 1.11 Acres for a proposed construction yard, near Taiban, De Baca County, New Mexico  
2 days Served as Principal Investigator and Field Supervisor for this survey. Authored final report.

Survey of 34 Acres for the Solcito Subdivision, Rio Rancho, Sandoval County, New Mexico.  
2 days Served as Principal Investigator and Field Supervisor for this survey. Authored final report.

Survey of 40 Acres near El Dorado, Santa Fe County, New Mexico  
2 days Served as Principal Investigator and Field Supervisor for this survey. Authored final report.

Survey for Santo Domingo Land Exchange, near Truth or Consequences, Sierra County, New Mexico  
1 day Served as Principal Investigator for this survey. Edited final report.

Survey of 1,035 Acres in the Lincoln National Forest, Lincoln County, New Mexico  
1 day Served as Principal Investigator for this survey. Coauthored final report.

Monitoring of Construction at Juan Tabo Hills, Albuquerque, New Mexico  
5 days Served as Field Director for monitoring.

Survey of 60 acres for Stone Mountain Subdivision, near Ruidoso, Lincoln County, New Mexico  
2 days Served as Principal Investigator and as Field Director for limited subsurface testing conducted for this survey. Coauthored final report.

Monitoring of Construction at Sanchez Property, Santa Fe, New Mexico  
17 days Served as Principal Investigator and as Field Director for monitoring. Coauthored final report.

Survey of 11.38 acres for Anthony Odai, near Tesuque, Santa Fe County, New Mexico  
2 days Served as Principal Investigator and Field Director for this survey. Authored final report.

Survey of 1,387.5 acres for the Quahada 3-D Seismic, Eddy County as New Mexico  
6 days Served as Principal Investigator for this survey. Coauthored one report.

Testing of LA 155707 and 155708 for Felix Rabadi, Bernalillo County, New Mexico  
19 days Served as Principal Investigator and Field Director for this testing project. Prepared testing plan and final report.

Hiener Spring and Deer House Pueblito Site recording and Condition Assessment, Rio Arriba County, New Mexico  
20 days Served as Quality Control officer, Field Supervisor, and co-Principal Investigator for this site recording and condition assessment. Co-authored final report.

Survey of two 1-Acre Groundbed drill locations, Lea County, New Mexico  
2 days Served as Principal Investigator and Field Director for this Survey of 2 1 acre locations. Authored two final reports.

Frontier Hills 3-D Seismic, Eddy County, New Mexico  
9 days Served as Principal Investigator for this 2,202 acre survey. Coauthored two reports.

Survey of road segments in Aneth Oil Field, San Juan County, New Mexico  
3 days Served as Principal Investigator and Field Director for this survey of approximately 0.75 miles of road. Authored the final report.

Sanchez Property Treatment, Santa Fe, New Mexico.  
6 days Served as principal Investigator and Field Director for the treatment of an Historic trail segment. Prepared preliminary report.

Elephant Butte Survey, Sierra County, New Mexico  
5 days Served as Principal Investigator and Field Director for this Survey of 176 Acres. Authored final report.

Riley Project Survey, Socorro County, New Mexico  
5 days Served as Principal Investigator and Field Director for this Survey of 131 Acres. Authored final report.

Urex La Jara Mesa Survey, Cibola County, New Mexico  
8 days Served as Principal Investigator and Field Director for this Survey of 43.38 Acres. Authored final report.

Cavasos Property Survey, Santa Fe County New Mexico  
3 days Served as Principal Investigator and Field Director for this 50 percent survey of 60 acres. Coauthored final report.

Mid Mesa Mowing Survey, San Juan County, New Mexico  
8 days Served as Principal Investigator and Field Director for this Survey of 266 Acres. Authored final report.

Las Terrazas Subdivision, Santa Fe, New Mexico  
4 days Served as Principal Investigator, Project Historian, and Field Director for this survey of 2.9 Acres. Prepared final report.

Copper Mountain Development, Lincoln County, New Mexico  
2 days Served as Principal Investigator for this 1,899 Acre Survey. Coauthored final report.

940 Acequia Madre Street Survey, Santa Fe, New Mexico  
10 days Served as Principal Investigator and Field Director for this Survey of 0.352 Acres. Coauthored final report.

Borrow Pit Survey, Union County, New Mexico  
1 day Served as Principal Investigator for this survey of 118.5 Acres. Edited final report

538 East Palace Avenue Data Recovery, Santa Fe, New Mexico  
40 days Served as Principal Investigator and Field Director for this Data Recovery of an 18<sup>th</sup> century Spanish site. Conducted artifact analyses and prepared preliminary report.

Campbell Ranch Survey, Bernalillo County, New Mexico

4 days Served as Principal Investigator for this survey of 613 acres. Edited final report.

Strathmore Minerals Survey, Cibola County, New Mexico

8 days Served as Principal Investigator for this survey of 640 acres. Coauthored two reports.

Uranium Resources Survey, Duval County, Texas

2 days Served as Principal Investigator for this survey of 1400 acres. Coauthored final report.

409 East Alameda Survey, Santa Fe, New Mexico

6 days Served as Principal Investigator and Field Director for this survey and testing of 0.162 acres. Coauthored final report.

Munoz Properties Survey, Valencia County, New Mexico

1 day Served as Principal Investigator for this 97 acre survey. Edited final report.

Universe Boulevard Survey, Bernalillo County, New Mexico

1 day Served as Principal Investigator for this 30.8 acre survey. Edited final report.

Loco Hills Data Recovery Plan

15 days Served as Principal Investigator. Prepared data recovery plan

Small Holding Claim No. 2897 Survey, Bernalillo County, New Mexico

1 day Served as Principal Investigator for this 57 acre survey. Coauthored final report.

Vista Grande Survey, Santa Fe, New Mexico

4 days Served as Principal Investigator, Project Historian and Field Director for this 19.74 acre survey. Authored final report.

T Creek Sample Survey, Harding County, New Mexico

5 days Served as Principal Investigator and Field Director for this 286 acre sample survey. Authored final report.

County Line Sample Survey, Harding County, New Mexico

4 days Served as Principal Investigator and Field Director for this 241 acre sample survey. Authored final report.

Ojo Canyon Sample Survey, Harding County, New Mexico

4 days Served as Principal Investigator and Field Director for this 152.5 acre sample survey. Authored final report.

Wright Canyon Sample Survey, Harding County, New Mexico

4 days Served as Principal Investigator and Field Director for this 128.8 acre sample survey. Authored final report.

Carrizo Canyon Rock Art Survey, San Juan County, New Mexico

40 days Served as Principal Investigator and Field Director for this thematic survey of 65 acres. Authored final report.

Vereda Thinning Survey, San Juan County, New Mexico

10 days Served as Principal Investigator and Field Director for this Survey of 585 Acres. Coauthored final report.

Delaware 2-D Seismic Survey, Eddy County, New Mexico

4 days Served as principal Investigator for this 43.69 mile long survey. Coauthored final report.

Aneth Oil Field 3-D Seismic, San Juan County, Utah

50 days Served as Principal Investigator and Field Director for this 3-D Seismic. Authored final report.

Stuart Anderson Property, Santa Fe County, New Mexico

1 day Served as Principal Investigator for this 50 percent sample survey of 115 acres Edited final report

Bosquecito Subdivision Survey, Bernalillo County, New Mexico

5 days Served as Principal Investigator and Field Supervisor for this 6 ac survey.

Rio Rancho Estate Survey, Sandoval County, New Mexico

0.5 day Served as QA officer for this 17.8 ac survey. Conducted limited subsurface testing.

Ute Lake Data Recovery Project, Quay County, New Mexico

10 days Served as Principal Investigator for this Data Recovery project. Coauthored the Data Recovery Plan.

Reevaluation of LA 113549, Santa Fe County, New Mexico

4 days Served as Principal Investigator and Field Director for this site revisit. Authored final report.

Seco Tank II Sample Survey, McKinley County, New Mexico

2 days Served as Field Director for this Class II Survey.

Ute Lake Survey. Quay County, New Mexico

2 days Served as Principal Investigator. Edited Final report.

Vista Vieja Subdivision Survey, Bernalillo County, New Mexico

2 days Served as Principal Investigator and Field Director for this 26 acre survey. Authored final report.

Modesto Road Development, Albuquerque, Bernalillo County, New Mexico.

2 days Served as Principal Investigator and Field Director for this 2.5 acre survey. Authored final report.

Towner Ranch Brush Management Survey, Cibola County, New Mexico

7 days Served as Principal Investigator and Field Director for this 407 acre survey. Authored final report.

Aneth Pipeline Survey, near Montezuma Creek, San Juan County, Utah

10 days Served as Principal Investigator and Field Director for this 15 mile survey on Navajo nation lands. Authored final report.

Atrisco Road Subdivision, Bernalillo County, New Mexico

6 days Performed Field Checks and Historic Research for this 133 acre survey. Co-authored revised report.

Malpais Brush Management Survey, Cibola County, New Mexico

12 days Served as Principal Investigator and Field Director for this 687 acre survey. Authored final report.

Grants Brush Management Survey, Cibola County, New Mexico

20 days Served as Principal Investigator and Field Director for this 1,002 acre survey. Authored final report.

Albillar Property Survey, Santa Fe, Santa Fe County, New Mexico

4 days Served as Principal Investigator and Field Director for this 12 acre survey in Suburban Archaeological District, Santa Fe., Authored final report.

Branch Property Survey, Santa Fe, Santa Fe County, New Mexico

5 days Served as Principal Investigator and Field Director for this for this 17 acre survey in River and Trails Archaeological District, Santa Fe. Authored final report.

Sierra Larga Ranch Survey, Socorro County, New Mexico

10 days Served as Principal Investigator and Field Director for this 407 acre survey. Authored final report.

Orndorff Ranch Survey, Socorro County, New Mexico

15 days Served as Principal Investigator and Field Director for this 893 acre survey. Authored final report.

Petroglyph Trails Subdivision, Sandoval County, New Mexico

5 days Served as Principal Investigator and Field Director for this 200 acre survey. Authored final report.

North Church Rock Uranium Mine Closure, McKinley County, New Mexico

10 days Served as Principal Investigator and Field Director for this 125 acre survey on Navajo nation lands. Authored Final Report.

Section 27 Uranium Mine Closure, Sandoval County, New Mexico

2 days Served as Principal Investigator and Field Director for this 33 acre Survey. Authored final report.

Various Cell Towers across New Mexico

8 days Served as Principal Investigator and Field Director for these <1 ac survey on the Navajo Nation and other locations. Authored one final report for Navajo Nation.

Bibo-Seboyeta Waterline Survey, Cibola County, New Mexico

6 days Served as Principal Investigator and Field Director for this 36.8 acre survey. Recorded one Pueblo II to Pueblo III and Navajo Gobernador phase site as well as historic structures. Authored final report.

Monticello Powerline Survey, Sierra County, New Mexico.

2 days Served as Principal Investigator and Field Director for this 2.45 mi survey.

Survey of two 1-Acre parcels near Taos Gorge, Taos County, New Mexico

2 days Served as Principal Investigator and Field Director for this 2 acre survey.

Sample Survey of 160 acres near Moriarty, Santa Fe County, New Mexico

2 days Served as Principal Investigator and Field Director for this 160 sample acre survey.

Mesa De los Jumanos Survey, Torrance Country, New Mexico

5 days Served as Principal Investigator and Field Director for this 709 acre survey. Identified Anasazi and Mogollon pottery types for final report.

Monument Canyon Survey, Chaves County, New Mexico

13 days Served as Principal Investigator and Field Director for this 740 acre survey. Authored the final report.

Anderson Heights Testing, Bernalillo County, New Mexico

21 days Served as Principal Investigator and Field Director for this testing project on a Pueblo III site. Authored the final report.

540 East Alameda, Santa Fe, Santa Fe County, New Mexico

30 days Served as Principal Investigator and Field Director for this survey of 1.7 acres, testing, and data recovery project on Pueblo IV and historic site. Authored the survey report, a data recovery plan, a preliminary report, and final report.

Jicarilla Road Survey, Rio Arriba County, New Mexico

78 days Served as Principal Investigator and Project Manager for this 200 mile road survey. Over 170 Anasazi Pueblo I to Pueblo II and Dinetah to Gobernador Phase sites were recorded under contract with the Carson National Forest, Jicarilla Ranger District. Authored the final report.

Dempster Well Survey, Torrance County, New Mexico

5 days Served as Principal Investigator and Field Director for this 370 acre survey. Authored the final report.

Vail Valley Data Recovery, Pima County, Arizona.

65 days Served as Senior Editor and contributed to final report.

High Summit Subdivision, Santa Fe County, New Mexico

6 days Contributed to High Summit I Data Recovery Plan. Conducted Field work and Archival Research for High Summit I. Authored High Summit III Data Recovery Plan.

Cuba Waterline Survey, Sandoval County, New Mexico

10 days Served as Principal Investigator and Field Director for this 10.8 mile linear survey. Authored the final report.

Cho'l'i ACEC Survey, Rio Arriba County, New Mexico

5 days Served as crewmember for this 360 acre survey recording new and previously recorded Anasazi Pueblo I and Pueblo II sites along with several Dinetah and Gobernador phase sites. Supervisor: Doug Loebig.

Brown Springs Site Recording, San Juan County, New Mexico

5 days Served as crewmember for this recording of previously discovered Anasazi sites. Supervisor: Doug Loebig.

Vista Arroyo Subdivision, Bernalillo County, New Mexico

4 days Performed field check. Authored testing plan and co-authored data recovery plan.

Frijoles WUI Survey, Rio Arriba County, New Mexico

5 days Performed field checks on four Anasazi and unknown sites. Contributed to final report.

Cultural Resource Survey for the Taylor Lake 3-D Seismic, Rogers Mill County, Oklahoma

3 days Edited and contributed to final report.

Cultural Resource Survey for Frontier Hills Tier III-B 3-D Seismic, Eddy County, New Mexico

10 days Served as Principal Investigator for this 855 acre survey. Co-authored the final report.

Cultural Resource Survey for Logan Draw 3-D Seismic, Eddy County, New Mexico

10 days Served as Principal Investigator for this 8,522 acre survey. Co-authored the final report.

Forest Road 462 Archaeological Survey, Bernalillo County, New Mexico

4 days Served as Principal Investigator for this 876 acre. Performed field checks on Anasazi and historic sites and edited final report.

Cultural Resource Survey for the Quivera Estates, Albuquerque Bernalillo County, New Mexico

1 day Served as Principal Investigator and Field Director for this 15.25 acre survey. Authored the final report.

Cultural Resource Survey for proposed access road near Los Lunas, Valencia County, New Mexico

3 days Served as Project Manager and Field Director for this 88 acre survey. Authored the final report.

Testing and Data Recovery near Tent Rocks, Sandoval County, New Mexico

1 week Served as Project Manager and Field Director for this testing and data recovery project on Basketmaker II to Basketmaker III site. Co-authored the testing plan and authored the final report.

Peralta Canyon Sample Survey near Tent Rocks, Sandoval County, New Mexico

2 days Served as Project Manager and Field Director for this 29 acre survey. Authored the final report.

Abo Pipeline, Eddy And Lea Counties, New Mexico

3 days Served as Principal Investigator for this survey. Contributed to final Report.

Cultural Resource Survey of 300 Acres for the Anderson Heights Subdivision in Southwest Albuquerque, Bernalillo County, New Mexico.

4 days Served as the Field Director and Crew Chief for this 300 acre survey. Authored the final report and a testing plan.

ConocoPhillips Pipeline Monitoring near Hobbs, Lea County, New Mexico

2 days Monitored installation of pipeline. Prepared a letter report.

Seco Tank Sample Survey near Cabezon, New Mexico

4 days Served as the Field Director and Crew Chief for this 60 acre survey under contract with the BLM. Co-authored the final report

Chamisa Losa Sample Survey near Cabezon, New Mexico

7 days Served as the Field Director and Crew Chief for this 87 acre survey under contract with the BLM. Authored the final report.

Bixler WUI Prescribed Fire Project Archaeological Survey, Carson National Forest, located east of the Navajo Reservoir

5 weeks Served as Principal Investigator and Field Director on this 2,600 acre survey under contract with the Carson National Forest, Jicarilla Ranger District. More than 75 Anasazi Pueblo I to Pueblo II sites and 36 Navajo Dinetah to Gobernador Phase sites were documented. Contributed to final report.

Cultural Resource Survey and Testing of the Camino Delora Lot within the City of Santa Fe Historic District, Santa Fe County, New Mexico

1 week Served as Project Manger and Field Supervisor for the survey and testing of lots within the Santa Fe Downtown Historic district. Authored the final report.

Cultural Resource Survey of Mine Locations Along Placer Creek, Taos County, New Mexico

1 week Served as Project Manager and Field Supervisor for the survey and recording of 19 mine sites along Placer Creek. Authored final report.

Ensenada Timber Sale Archaeological Survey, Carson National Forest, Taos County, New Mexico

5 weeks Served as Project Manager and Field Supervisor for the survey of 2,735 acres.

Archaeological Survey of 18 Proposed Homesites in the Cañon Del Agua near San Pedro, Santa Fe County, New Mexico.

1 week Served as Project Director for a survey of 18 homesites. Co-authored final report.

Damage Assessment, Testing and Survey along Forest Road 266, near Cochiti Pueblo, New Mexico.

1 week Served as Project Director for a damage assesment of LA 17284, testing of a rubble feature, and survey of a road in the vicinity of Tent Rocks. Authored the final report.

Survey of 5,645 acres in the Vicinity of Lick Ridge, Lincoln National Forest, Otero County, New Mexico

4 weeks Served as Principal Investigator and Project Director for the survey of this large block of National Forest land. Authored the final report.

Data Recovery at LA 134876 for the ENMR Plateau Fiber Optic El Valle Route, San Miguel County, New Mexico

1 week Served as Principal Investigator and Project Director for the testing and data recovery of this prehistoric and historic site in the town of La Fraqua, New Mexico. Co-authored the testing plan and authored the final report.

Monitoring for the ENMR Plateau Fiber Optic El Valle Route, San Miguel County, New Mexico

10 days Monitored construction at several sites along fiber optic route.

Lake McMillan 3-D Seismic Survey, Phase II

3 days Served as Field Supervisor to record historic sites upon completion of the survey. Contributed to the report.

Testing at LA 135564, LA 135565, and LA 135566 for the Anasazi Trails Subdivision, Sandoval County, New Mexico

1 week Served as Principal Investigator and Project Director for the testing of three Anasazi sites near Placitas, New Mexico. Authored the final report.

Survey of Third, Mesa, and El Paso Streets in Santa Rosa, Guadalupe County, New Mexico.

2 days Served as Principal Investigator, conducted survey, recorded architecture, and performed archival research. Authored the final report.

Testing and Data Recovery at the Sanchez Farm, Bernalillo County, New Mexico

1 week Served as Principal Investigator and Project Director for the testing and data recovery at this large historic hispanic farm in southwestern Bernalillo County. Authored the final report.

Cultural Resource Survey and Testing of the Parks Properties within the City of Santa Fe Historic District, Santa Fe County, New Mexico

1 week Served as assistant Field Supervisor for the survey and testing of lots within the Santa Fe Downtown Historic district. Authored the final report.

Class III Cultural Resource Survey of 535 Acres for the Teterville Wild Horse Long Term Holding Facility, Butler and Greenwood Counties, Kansas

1 week Served as Project Director and archival historian for the survey and shovel testing of selected pastures within a ranch in southeastern Kansas. Authored the final report.

Valley Telephone Fiber Optic Route Data Recovery from Tucson to the Arizona-New Mexico Border  
13 months Served as a Principal Investigator and Project Director for the testing of 36 sites, 8 of which had historic components. This work also included data recovery at the historic townsite of Fairbank, AZ. Developed analysis program for historic artifacts. Selected samples for analysis. Edited, compiled and authored final report.

Southwest Lea County 3D Seismic Survey, New Mexico  
50 days Field supervisor for 1,500-mile survey. Duties included pedestrian survey and site recording, report preparation.

Protohistoric Research for various Task Orders, Fort Bliss, New Mexico  
4 months Recorded rock shelters, trail markers, and surveyed for new sites on and near Otero Mesa for various task orders. Duties included pedestrian survey, site recording, site mapping using a theodolite, conducting magnetometer surveys, and report preparation.

An Archaeological Assessment of Four Sites in the Bureau of Land Management's Southeast Resource Area, Eddy and Lea Counties, New Mexico  
8 days Conducted an assessment of three previously recorded and one new site and authored the final report.

Chloride Mining District Mine Reclamation, Gila National Forest, New Mexico  
5 weeks Project director and supervisor for survey. Duties included pedestrian survey and site recording, archival research, and client interface.

Southwest Lea County 3D Seismic Survey, New Mexico  
75 days Field supervisor for 1,500-mile survey. Duties included pedestrian survey and site recording, report preparation.

Cultural Resource Survey for a Gas Pipeline along New Mexico State Highway 21  
2 days Field Supervisor for survey of portions of gas pipeline in highway right-of-way. Duties included pedestrian survey, architectural recording, and report preparation.

Well Pads near Jal, New Mexico  
4 days Field Supervisor for survey of four wellpads. Duties included pedestrian survey and report preparation.

Qwest Fiber Optic Line, Chaves County, New Mexico  
6 days Field Technician for Survey. Duties included pedestrian survey and site recording. Authored report. Supervisor: Don Irwin

Rio Bravo Commons Survey, New Mexico  
3 Days Field technician for survey. Duties included pedestrian survey and site recording. Authored report. Supervisor: Teresa Hurt

Cherokee Rim 3-D Seismic Survey, Colorado and Wyoming  
50 Days Quality Control officer. Duties included overseeing paperwork and fieldwork and assisting in administrative duties. Contributed to report.

Testing of LA 130322 and LA 130323, Taos, Taos County, New Mexico

2 Days Field Technician for testing. Duties included conducting test excavations and instrument mapping. Authored report. Supervisor: Don Irwin

Qwest Fiber Optic Cable Survey, New Mexico

2 Days Field technician for survey. Duties included pedestrian survey and site recording. Authored report. Supervisor: Don Irwin

James Dean Property Survey, Santa Fe County, New Mexico

2 Days Field technician for survey. Duties included pedestrian survey and site recording. Authored report. Supervisor: Teresa Hurt

White City 3-D Seismic Survey, New Mexico

10 Days Field technician for survey. Duties included pedestrian survey and site recording. Supervisor: Jeffrey Fredine

Indian Spring Survey, Utah

5 Days Assistant Supervisor for survey. Duties included GPS navigation, pedestrian survey and site recording. Co-authored report. Supervisor: Don Irwin

Tushar Mountain Mine Reclamation Survey, Utah

20 Days Assistant Supervisor for survey. Duties included historic research, pedestrian survey and site recording. Co-authored report. Supervisor: Don Irwin

Yellow Cat Mine Reclamation Survey, Grand County, Utah

30 Days Assistant Supervisor for survey. Duties included historic research, pedestrian survey and site recording. Co-authored report. Supervisor: Don Irwin

Equilon Transmission Line Survey, New Mexico

9 Days Field technician for survey. Duties included pedestrian survey and site recording. Supervisor: Jen Bowden

Maljamar Station Survey, Equilon Pipeline, New Mexico

2 Days Field technician for survey. Duties included pedestrian survey and site recording. Authored report. Supervisor: Jen Bowden

Pecos Block Valve Survey, Equilon Pipeline, New Mexico

2 Days Field technician for survey. Duties included pedestrian survey and site recording. Authored report. Supervisor: Jen Bowden

### **Archaeologists Unlimited, Natchez, MS–1996 to 2000**

As field director, Mr. Boggess supervised and performed surveys, testing and excavations of historic and prehistoric sites, including such sensitive locations as historic cemeteries and Civil War battlefields across Mississippi. He directed up to two crews of six individuals. He trained crews in use of surveying equipment. Other duties included conducting interviews of informants, and performing archival

research. He provided consultation to clients on Section 106 compliance and created maps and composed chapters for inclusion in final reports.

**Coastal Environments, Baton Rouge, LA–1998 to 2000**

Acting as a cartographer Mr. Boggess gridded, surveyed and produced topography maps of the Roth Mill site, Natchez, MS. As a crew member he participated in survey, testing and excavation of historic archaeological features along Natchez bluffs at the Roth Mill site. He also participated in the excavation of Mississippian causeway features near Lake Providence, La., and the survey of a pipeline r.o.w. near Bernice, La.

**Parsons Engineering, Alexandria, VA–1998**

As a crew member, he participated in a survey of Shuqualak Airfield, MS.

**University of Arizona, Chianciano Terme Excavations, Tucson, AZ–1995 to 1996**

Mr. Boggess gridded, surveyed and produced working maps of Mezzomiglio, a late Etruscan and Imperial Roman site, in Chianciano Terme, Italy. Duties also included monitoring a backhoe and instructing students in field procedures.

**Archaeologists Unlimited, Natchez, MS–1994**

As a field director, he supervised surveys in Tunica and Lauderdale counties, Mississippi, recording both historic and prehistoric materials.

**Office of Cultural Resource Management, Arizona State University, Tempe, AZ–1992 to 1994**

As a cartographer, Mr. Boggess mapped puebloan and burial features and troubleshoot surveying equipment, at Roosevelt Lake, Arizona. As a crew member, he excavated Salado platform mound sites, drew profiles of backhoe trenches, and monitored backhoes. Mr. Boggess also analyzed pottery in the laboratory  
80 Weeks

**Office of Contract Archaeology, University of New Mexico, Albuquerque, NM–1991**

As a cartographer, Mr. Boggess gridded sites, mapped Patayan and Sinaguan pithouse features, and produced topographical fieldmaps for portions of the ENRON pipeline from Kingman, Arizona to Flagstaff, Arizona. As a crew member he excavated these features.  
24 Weeks

**Archaeologists Unlimited, Natchez, MS–1990 to 1991**

As a cartographer, he gridded and recorded archaeological and topographical features at Oak Alley Plantation in Vacherie, Louisiana, over several two week seasons and mapped Kingston Settlement cemetery in Natchez, MS.

**Mississippi Department of Archives and History, Jackson, MS–1990**

As a crew member, Mr. Boggess participated in an excavation at Beauvoir Plantation in Gulfport, MS.

**Statistical Research, Tucson, AZ–1990**

As a crew member, he excavated Hohkam pithouses at Houghton Road, Tucson, AZ.  
6 weeks

**DAG Enterprises, Tucson, AZ–1990**

As a crew member, he surveyed and recorded sites in the Apache-Sitgreaves National Forest, AZ.  
4 weeks

**Archaeologists Unlimited, Natchez, MS–1989**

As a crew member, he participated in the excavation of St. Mary's Market, New Orleans, LA, an early nineteenth century market building.

Mr. Boggess has also participated in many projects as a volunteer in Arizona, including excavations at Rooney Ranch, mapping and surface collecting Pinal Pueblo, and mapping, excavating and surveying in the Tortolita Mountains.  
50 weeks (as a volunteer)

**Publications, Presentations, and Teaching Experience:**

- 2014 Testing of LA 72048 within the Proposed Four Hills West Subdivision, Bernalillo County, New Mexico (Draft). Lone Mountain Report No. 1445T
- 2014 Archaeological Treatment for the Magellan Strauss Magellan Pipeline in Doña Ana County, New Mexico and El Paso County, Texas (Draft). Lone Mountain Report 1605.
- 2014 With Katharine Boggess, Beth McCormack and Stephanie Waldo. Class III Cultural Resource Survey for the Delaware 3C 3-D Seismic, Lea County, New Mexico. Lone Mountain Report No 1610.
- 2014 Cultural Resource Survey for the WPX 179 Pipeline Revised Location, Township 23 North, Range 6 West, Section 6, Rio Arriba County, New Mexico. Lone Mountain Report No. 1739
- 2014 Supplemental Archaeological Site Investigations within Township 13 North, Range 8 West, Sections 10 and 16 for the Proposed Roca Honda Mining Operation, McKinley County, New Mexico. Lone Mountain Report No. 1521
- 2014 With Beth McCormack, Andrew Zink, and Katharine Boggess. Cultural Resource Survey for the Desert Creek 3-D Seismic, Near Diwozhii Bikoooh, San Juan County, Utah. Lone Mountain Report No. 1622

- 2014 An Intensive Cultural Resource Survey of 11.98 acres for the Ladera Business Park, Albuquerque, Bernalillo County, New Mexico. Lone Mountain Report No. 1728.
- 2014 Testing Plan for the Four Hills West Subdivision, Bernalillo County, New Mexico. Lone Mountain Report No. 1445TP.
